Addendum to August 25, 2020 Special Meeting

On the Special Board Meeting Agenda document the incorrect word was used for the

meeting: **Mitigation** move to executive meeting

Patrick Smith, DMFPD board chairman would like to apologize for using the word mitigation in the August 25, 2020 Special Meeting Agenda. The word mitigation was the improper word to use for the meeting. The special meeting was for a legal mediation taking place that required 2 board members to be in attendance. Other board members would have been called to vote if a resolution was reached.

Additional care will take place when creating and reviewing future agendas.

Please view pages on the DMFPD website for answers to many important questions you might have, or send an email to the board chairman or vicechair if you have additional questions or need clarification.

Next Board meeting is scheduled for September 16, 2020 Website Link: <https://deermountainpfd.colorado.gov>
