

DEER MOUNTAIN FIRE PROTECTION DISTRICT

NEWS RELEASE

September 30, 2026

Fire Restrictions Rescinded Effective September 30 at 0800 Hours

The Deer Mountain Fire Protection District will **rescind the current fire restrictions effective Wednesday, September 30, 2026, at 0800 hours.**

Recent favorable weather conditions have allowed the District to lower and rescind the current fire restrictions.

Although restrictions are being rescinded, the Deer Mountain Fire Protection District reminds everyone to continue exercising caution when using fire. Conditions can change quickly; residents and visitors are encouraged to take appropriate precautions to prevent accidental fires.

The fire restrictions established by the Deer Mountain Fire Protection District are consistent with the current restrictions established by the **Bureau of Land Management (BLM)** and **Fremont County**.

Thank you for helping keep our community safe.

Marcus Widener

Fire Chief

Deer Mountain Fire Protection District
