

Section 8, Paragraph (n) Communication and Construction Representative

Communication and Construction Representative. This representative shall be responsible for grant research and applications, radio communication and dispatcher needs of the District, the liaison between dispatch and the other Board members, and all phases of construction projects, including all government requirements, with the District. This representative shall also be responsible for an annual review of the District bylaws and assist in responding to CORA requests. This representative shall report monthly to the board with construction updates. In the event of active or ongoing construction, the grant and communication responsibilities shall be placed with the other board members that would be assisting.
